Garden JOURNAL

Food, Water and Drought

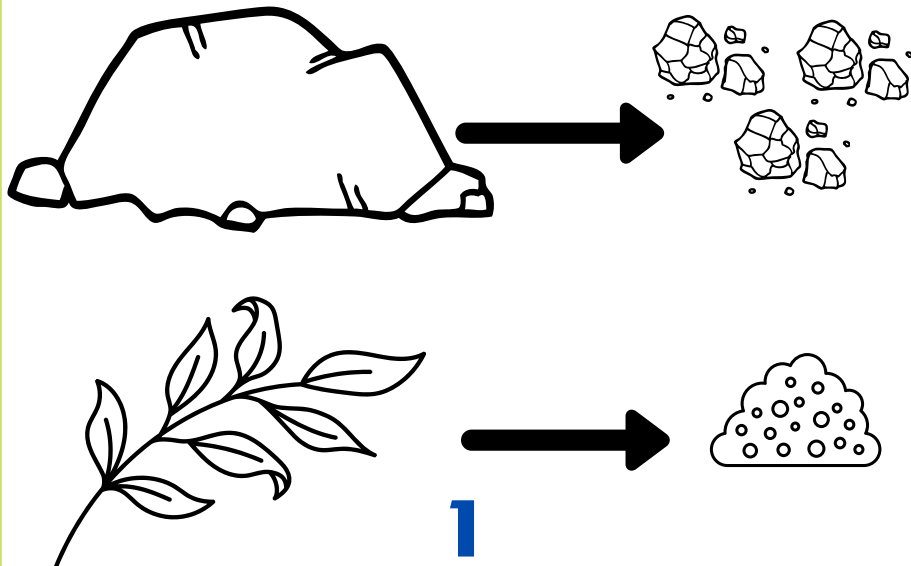

LESSON #1: SPACE TRAVELLERS

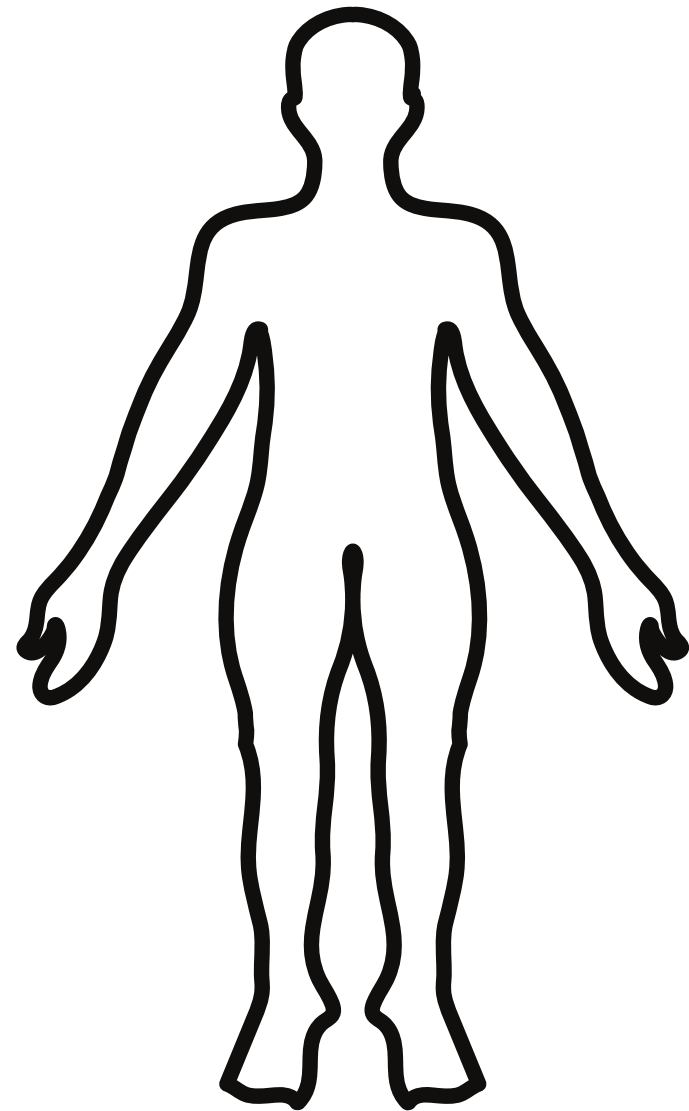

**What parts of soil are alive?
Underline the living parts of soil.**

Loam	Fungi	Clay
Bacteria	Insects	Water
Sand	Compost	

**Soil forms over many years as rocks and plants break down.
Color in the picture to remember how soil is formed.**

Eating colorful foods makes your body healthy. Color in the body with all the colors of the rainbow.

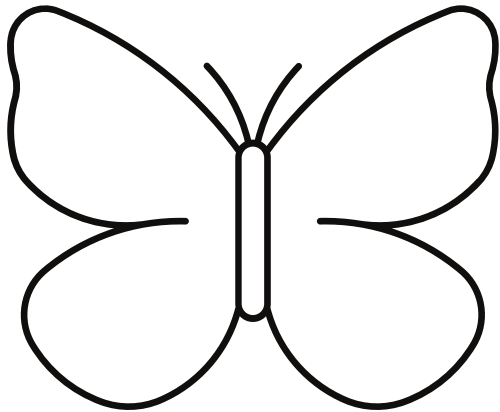

6

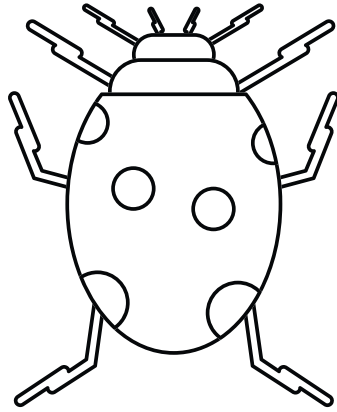

LESSON #2: BUGGY DINNER

Color the different beneficial insects.

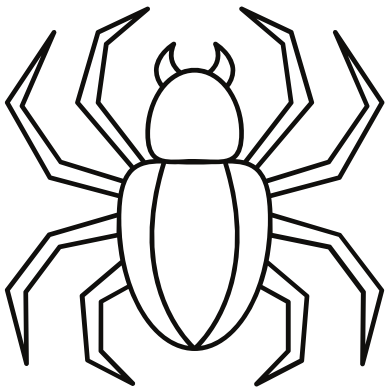

Butterflies

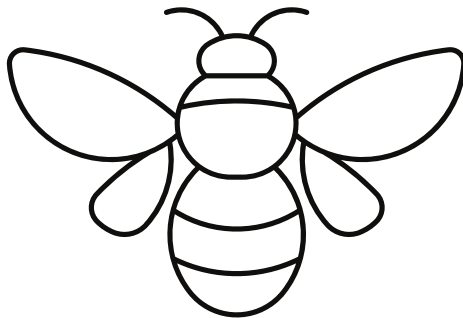

Ladybugs

Spiders

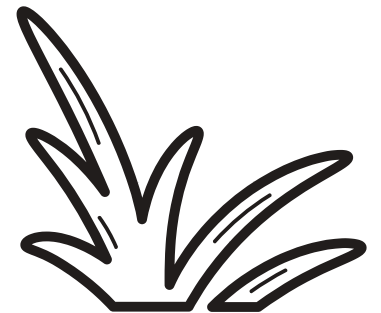

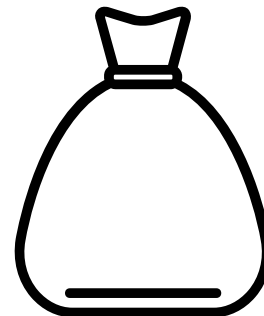

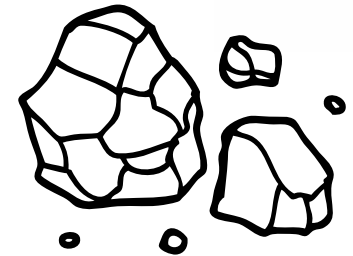

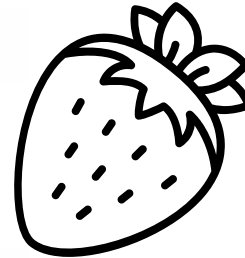

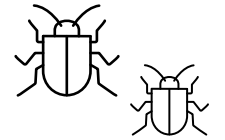

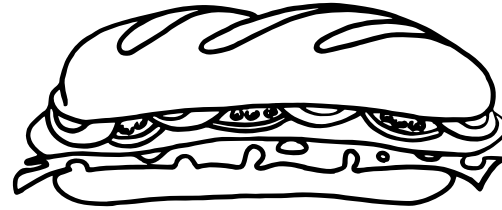

Bees

3

If you had a pet bug, what would you feed it? Circle what bugs eat.
