Garden Journal

Different Climates, Different Habitats

EARTH GENIUS
LESSON #1: GETTING MICRO WITH CLIMATE

Color the different seasons!

Winter

Fall

Spring

Summer

Match the vocab words with the life stages of a Monarch Butterfly.

Adult

Chrysalis

Cocoon

Caterpillar

Egg

1

6
Lesson #2: Flower Power

How does a plant grow? Draw arrows to show how the plant grows up!

Who pollinates flowers? Color in and label the pollinators!

3

4
Lesson #3: Monarchs and Milkweed

Native Milkweed has Pink and White Flowers. Color in the milkweed, and add some caterpillars on the plant!

Draw the bird's habitat around it. Remember a habitat is where an animal lives and all the food and shelter that help it survive.
