

EMULSIONS

An emulsion is a mixture of two liquids that don't ordinarily mix.

INGREDIENTS

- 1/2 cup olive oil
- 1/4 cup lemon juice
- 1 Tbsp finely chopped herbs
- 1/2 Tbsp minced garlic
- 1/2 Tbsp honey
- Salt, to taste

DIRECTIONS

Mix ingredients in a bowl. You can substitute fresh herbs and garlic for dry.

Watch how the addition of honey allows for the solution to become one.

Store leftovers in an airtight container and place in fridge.

Vocabulary words:

- **Emulsion:** suspension where a liquid is held in another liquid
- **Solubility:** ability to be dissolved
- **Ratio:** a relation between two amounts
