# Garden JOURNAL

**Food, Water and Drought**

# LESSON #1: JUST PASSING THROUGH (RAINSCAPING)

Circle the word that describes the picture.

Permeable  
OR  
Impermeable

Runoff  
OR  
Groundwater

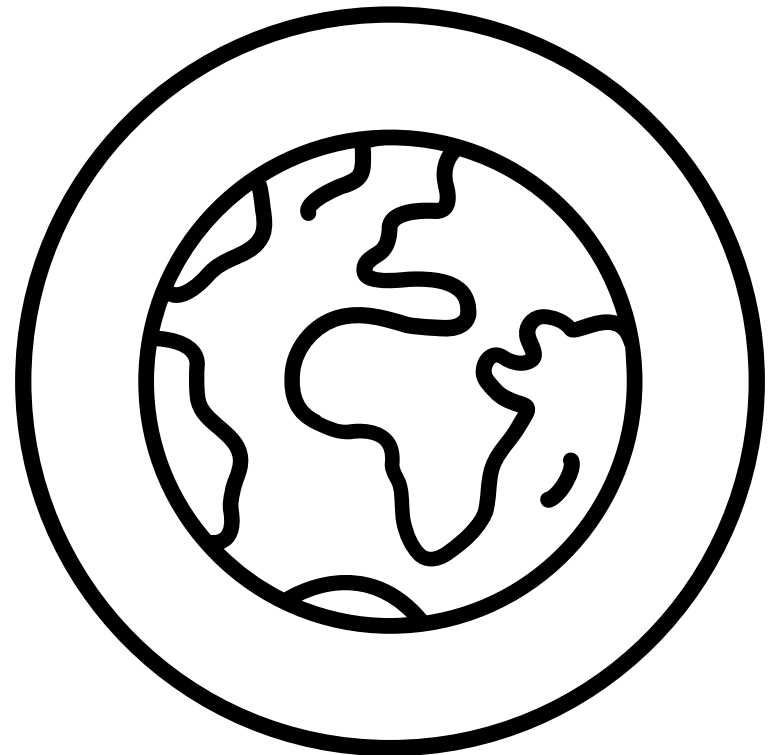

Erosion  
OR  
Landscaping

1

Write what the weather is like today.

The atmosphere is like a blanket around the Earth. Color in the atmosphere.

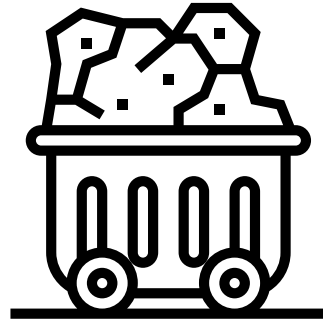

6

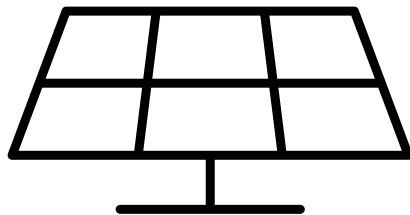

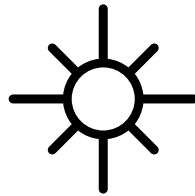

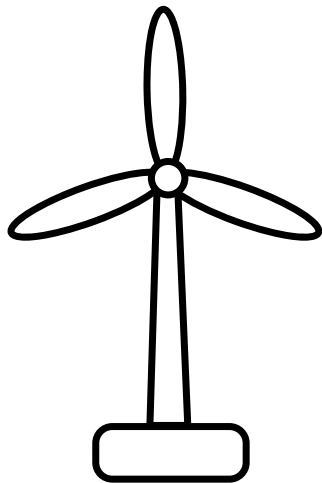

## LESSON #2: COOL CARBON SINK

Color the different kinds of energy we use.

### Fossil Fuels

### Renewable Energy

3

Circle and color in things that help cool down our Earth!

Planting a Tree

Using plastic

Driving

Walking to the store

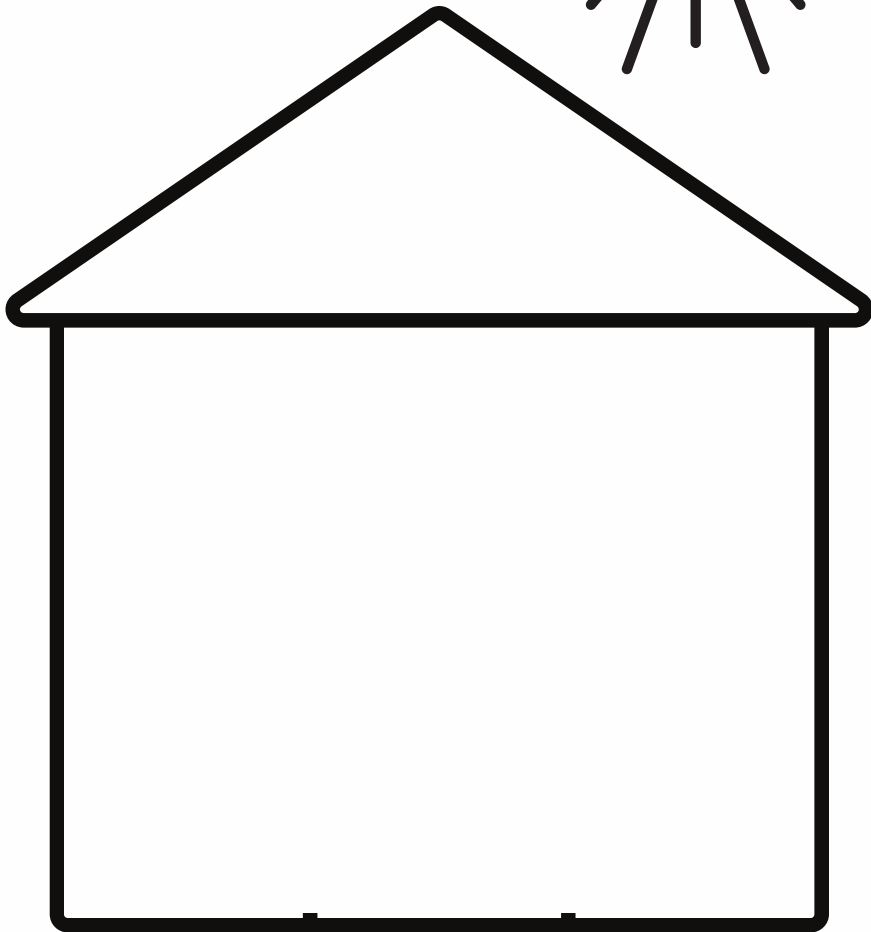

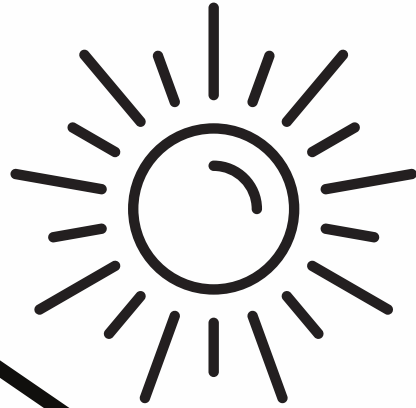

Plants

4

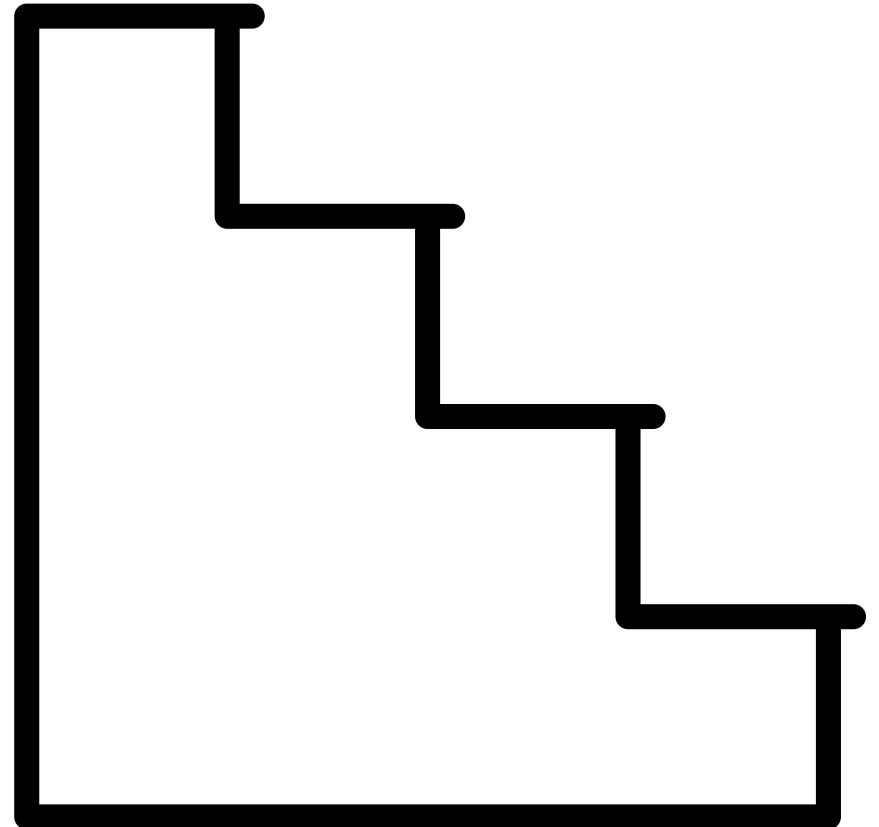

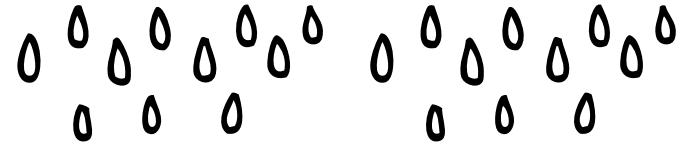

## LESSON #3: HOOP HOUSE GREENHOUSE

We grow all kinds  
of plants in  
greenhouses. Fill  
this greenhouse  
with plants!

5

Terraces are one way we can **SLOW IT,**  
**SPREAD IT, SINK IT.** Draw all the plants  
growing on the terraces.
