

Micro-climate Exploration Activity

Location	1-	2-	3-	4-
See Any signs of things living here? Plants or bugs, something eating the plants? Snail tracks! Anything at all look closely				
Smell Can you smell anything here, aromatic flowers to lure pollinators, earthy soil, salty air?				
Feel Is it warm/cold, windy/still, how does the soil feel wet/dry				
Listen Close your eyes and open your ears. What do you hear?
